

Examples of the types of dreams that could be funded through the Choices that can Change Lives Fund:

- Classes or tutoring
- Music lessons
- Camp or recreational activities
- Concerts or sporting events
- Extra daytime relief or evening respite support
- Travel assistance for family visits or vacations
- Gym memberships or sports team fees
- Sports equipment
- Support worker subsidies
- Additional help with travel training goals

There are lots of possibilities!

Our Mission:

Community Living Toronto changes the lives of people with an intellectual disability by giving them a voice, and supporting their choices where they live, learn, work and play.

CHOICES that can Change Lives Fund

Making dreams and goals a reality

choiceschangelives.ca

Community Living Toronto wants to grant wishes and make dreams a reality.

Through the Choices that can Change Lives Fund we will provide small grants that create big opportunities to help individuals and families pursue dreams and goals when all other resources are exhausted.

Grants will be given to help gain new skills, further develop talent, purchase equipment, take in a show or extend the supports they receive to assist with travel so that they can volunteer, work, go to school or even visit friends or family that may live in another city.

Grants may also provide grants to help families who may need extra relief and respite support – relief that they would otherwise not be able to afford.

Who can apply?

- Individuals and families currently receiving service or attending a Community Living Toronto program who are also members of the Association

Key things to note:

- Applicants must have used up all other financial resources available
- Requests must match individual or family dreams or goals
- Applicants must show that they have been working towards the dream or goals

Applications accepted twice a year

- Spring deadline - March 31
- Fall deadline – September 30
